

# OEM WATCH COLLECTION

All our standard watches are  
choreographed to present your label in best light.

THIS IS HOW YOUR WATCH CAN LOOK LIKE  
*Exclusively manufactured for you*  
YOUR DESIGN IDEAS ARE  
WITHOUT ANY LIMITATIONS.

Our entire product range of more than 300 items, shown on the following pages, can be modified for YOUR label.

- The **entire dial** can be designed to your liking with materials (eg. Brushed, mirror finish, mother-of-pearl, carbon, Swarovski-stones) and your LABEL appear in a shiny 3D-Relief-Application or printed.
- Select **strap variants** from PU Leather to genuine leather, Nylon or Silicon, as well as metal bands like linked band or Milanese bands.
- The stainless steel **watch case back** is available for any kind of design and branding by deep etching, relief or laser marking.

Simply show us your design ideas by a simple sketch and we shall develop the final design for you.
